

To whom it may concern:

It gives me immense pleasure to write this testimonial for Kelly Glueck Tayong (GXXXX825L). This testimonial is written in my capacity as a W.A.DI Club manager at Harvest Care Centre. He has been part of W.A.DI Club volunteering with us for our sports programme from 2022 to 2024.

As the programme supervisor, I have witnessed Kelly's exemplary enthusiasm and passion for the athletes. As a volunteer coach, He approaches the role given to him with courage and passion to learn. He is not afraid to take on new challenges outside of his comfort zone. He is also a fast learner and picks up quickly what is being taught. He has proven himself to be a credible and trustworthy team player; always willing to offer a helping hand. In this aspect, I believe that he can do well in his future endeavours.

Approachable and friendly, Kelly can relate and connect with athletes very well. His positive energy helps to create an environment that encourages athletes to open up and share their struggles with him. His positive personal traits helped him to be well-loved not just by the other coaches but also by the athletes. His sociable and outgoing personality also allows him to effectively communicate with everyone, this is evident through his relationship with the athlete's parents.

Committed and versatile, Kelly can always be found with the athletes. As a volunteer coach, he would facilitate the sports sessions and personally guide the athletes. He is relational and can empathise with the athletes and encourage them to step out of their comfort zone. Thus, his genuine desire to help people will aid him well. A valuable team member who is capable of making an impact, it is indeed our privilege to have Kelly with us. We wish him all the best in his future endeavours.
